## EDUCATION AND TRAINING

Graduated Sapulpa High School in 1978 with full music scholarship offers from The University of Oklahoma, University of Arkansas and a partial Scholarship to Oral Roberts University. I chose to follow my heart which was to enter the ministry and marry. My skills and talents were both discovered and refined with a consistent hands on education in the field with clients, associates and other industry professionals. These include coordinating showcases at NRB for the AATV Network (TBn affiliates) in California and Washington events, crusades for Nicky Cruz in Kansas City and Albuquerque as well as free lance work for ESPN, The Outdoor Channel and Jerry Lewis Telethon.
